

FOR THOSE WHO SEE THE VISION – AND ARE READY TO HELP BUILD IT.

INAUGURAL BOARD OF DIRECTORS

Who We Are

Emboldin To Dream, Inc. is a mission-driven nonprofit organization dedicated to empowering youth, and ultimately emerging leaders across generations, to dream beyond their current circumstances through education, exposure, leadership development, and real-world application.

We are entering a foundational growth phase focused on launching youth-centered programming, cultivating strategic partnerships, and establishing long-term sustainability.

Through structured programming and intentional mentorship, we equip participants with the confidence, skills, mindset, and vision needed to become purpose-driven leaders and engaged members of their communities.

We are building more than programs. We are building a foundation for generational impact.

What Makes This Board Different

We are assembling a small, high-impact founding board committed to excellence, accountability, and measurable community impact.

As an inaugural working Board of Directors, members will play an active role in shaping the organization's governance structure, strategic direction, fundraising infrastructure, and long-term sustainability.

Board service at this stage requires individuals prepared to contribute thoughtfully and strategically while engaging actively in early-stage growth and development.

This is an opportunity to establish the standards, culture, and systems that will guide the organization for years to come.
